To Board of Directors of Reliance Infrastructure Limited

1. We were engaged to review the accompanying statement of standalone unaudited financial results of Reliance Infrastructure Limited ('the Company') for the quarter ended June 30, 2022 ('the Statement') attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 and Regulation 52 read with Regulation 63(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended.
2. This Statement is the responsibility of the Company's Management and has been approved by the Board of Directors in their meeting held on August 13, 2022, has been prepared in accordance with the recognition and measurement principles laid down in Ind AS 34 "Interim Financial Reporting" prescribed under section 133 of the Companies Act, 2013 ("the Act") and other accounting principles generally accepted in India.
3. Our responsibility is to express a conclusion on the Statement based on our review. However, because of the matters described in paragraph 4 and 5 below, we were not able to obtain sufficient appropriate evidence to provide a basis of our conclusion on this Statement.
4. We refer to Note 8 to the Statement regarding the Company's exposure in an EPC Company as on June 30, 2022 aggregating to Rs. 6,526.82 Crore (net of provision of Rs. 3,972.17 Crore). Further, the Company has also provided corporate guarantees aggregating to Rs. 1,775 Crore on behalf of the aforesaid EPC Company towards borrowings of the EPC Company.

According to the Management of the Company, these amounts have been funded mainly for general corporate purposes and towards funding of working capital requirements of the party which has been engaged in providing Engineering, Procurement and Construction (EPC) services primarily to the Company and its subsidiaries and its associates and the EPC Company will be able to meet its obligation.

As referred to in the above note, the Company has further provided Corporate Guarantees of Rs.4,895.87 Crore in favour of certain companies towards their borrowings. According to the Management of the Company these amounts have been given for general corporate purposes.

We were unable to evaluate about the relationship, recoverability and possible obligation towards the Corporate Guarantees given. Accordingly, we are unable to determine the consequential implications arising therefrom in the standalone unaudited financial results of the Company.

5. We refer to Note 9 to the Statement regarding disclosure of Net Worth, wherein the loss on invocation of shares and/or fair valuation of shares of investments held in Reliance Power Limited (RPower) aggregating to Rs. 5,024.88 Crore for the year ended March 31, 2020 was adjusted against the capital reserve instead of charging the same in the Statement of Profit and Loss. The said treatment of loss on invocation and fair valuation of investments was not in accordance with the Ind AS 28 "Investment in Associates and Joint Venture", Ind AS 1 "Presentation of Financial Statements" and Ind AS 109 "Financial Instruments". Had the Company followed the above Ind AS's Net Worth of the Company would have been lower by Rs. 5,024.88 Crore as at, June 30, 2022, June 30, 2021 and March 31, 2022.

6. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. 9. Notes:

1. The Standalone Financial Results of Reliance Infrastructure Limited ("the Company") for the quarter ended June 30, 2022 have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and the Companies (Indian Accounting Standards) (Amendment) Rules, 2016.
2. Issue of unsecured foreign currency convertible bonds (FCCBs) :
 - (a) The Company in its Board Meeting dated September 25, 2021 has approved issue of FCCBs upto U.S.\$ 100 million, consisting of U.S. \$ 1 million each, maturing at the end of 10 years and 1 day, from the issue date or the date of the FCCBs being fully paid up, whichever is later, with a coupon rate of 4.5% p.a., on private placement basis. The FCCBs shall be convertible into approximately 6.64 crore equity shares of Rs.10 each of the Company in accordance with the terms of the FCCBs, at a price of Rs. 111 (including a premium of Rs. 101) per equity share.
 - (b) The Company in its Board Meeting dated August 5, 2022 has approved issue of FCCBs not more than U.S.\$ 400 million maturing at the end of 10 years and 1 day from the issue date or the date of the FCCBs being fully paid up, whichever is later, with a coupon rate of 5% p.a. on private placement basis. The FCCBs shall be convertible into approximately 25.84 crore equity shares of Rs.10 each of the Company in accordance with the terms of the FCCBs, at a price of Rs. 123 (including a premium of Rs. 113) per equity share.
3. The Company has outstanding obligations payable to its lenders and in respect of loan arrangements of certain entities, including subsidiaries/associates where the Company is also a guarantor, where certain amounts have also fallen due. The Company has repaid substantial debt in the earlier years and is confident of meeting balance obligations by way of time bound monetisation of its assets and receipt of various claims including receivables from DAMEPL and accordingly, notwithstanding the dependence on these material uncertain events, the Company continues to prepare its Standalone Financial Results on a 'Going Concern' basis.
4. Hon'ble Supreme Court on September 9, 2021 upheld the arbitral award in favour of Delhi Airport Metro Express Private Limited (DAMEPL), a subsidiary of the Company, in the matter of the dispute between DAMEPL and Delhi Metro Rail Corporation Limited (DMRC), arising due to the termination of the Concession Agreement for Delhi Airport Metro Express Line Project by DAMEPL. DMRC was consequently directed to pay termination payment and other compensation, totalling to Rs. 2,945 crore plus pre-award and post-award interest up to the date of payment to DAMEPL.

DAMEPL had filed execution petition dated September 10, 2021 before Hon'ble Delhi High Court seeking execution of the Award against DMRC.

Hon'ble High Court of Delhi on March 10, 2022, in its Final Judgement, directed to DMRC to make payment of Rs. 824.10 crore within two weeks' time and the remaining amount in two equal instalments on or before April 30, 2022 and May 31, 2022 respectively. DMRC did not comply with the said Judgement. Instead, DMRC filed a Review Petition before Hon'ble Delhi High Court, which too was dismissed on May 20, 2022. DMRC had deposited Rs.2,444.86 crore till March 31, 2022, in the escrow account of DAMEPL, as per Hon'ble Delhi High Court's interim orders from time to time. DAMEPL has utilised the amount for its debt repayments.

Being aggrieved by a particular paragraph of the judgment dated March 10, 2022, DAMEPL filed a Special Leave Petition (SLP) before Hon'ble Supreme Court, limited to the issue of pre-award interest, which was dismissed on May 5, 2022. DAMEPL has filed a review petition against the judgment and will be pursuing suitable proceedings for speedy realization of the sums receivable.

In DAMEPL's execution application filed on May 12, 2022, Hon'ble Delhi High Court passed an Order on June 20, 2022 directing DMRC to make payment to DAMEPL of the entire balance amount by August 5, 2022 and has directed DMRC to file an affidavit of compliance in a week thereafter. DMRC has not paid the amount which was directed to be paid by August 5, 2022. Consequently DAMEPL has filed a contempt petition, before Delhi High Court on August 8, 2022 against non-compliance of Order dated June 20, 2022.

5. With respect to Company's wholly owned subsidiaries, engaged in road projects:

- a. The Company has exposure aggregating to Rs. 2,954.24 crore in its nine subsidiaries (road SPVs) as on June 30, 2022. Management has recently performed an impairment assessment and external valuation against these exposures, by considering inter-alia the valuation of these subsidiaries carried out by independent external valuation expert. The determination of the value in use/fair value involves significant Management judgement and estimates on the various assumptions including relating to growth rates, discount rates, terminal value etc. The Company is confident of recovering its entire investments in road SPVs. Accordingly, based on the assessment and external valuation report, impairment of said exposure is not considered.
- b. KM Toll Road Private Limited (KMTR), a subsidiary of the Company, has terminated the Concession Agreement with National Highways Authority of India (NHAI) for Kandla Mundra Road Project (Project) on May 7, 2019, on account of Material Breach and Event of Default under the provisions of the Concession Agreement (Agreement) by NHAI. The operations of the Project have been taken over by NHAI. In terms of the provisions of the Agreement, NHAI is liable to pay KMTR a termination payment as the termination has arisen owing to NHAI Event of Default and it has also raised further claims towards damages for the breaches of NHAI as per the Agreement. KMTR has invoked dispute resolution process under clause 44 of the Agreement. Subsequently on August 24, 2020 NHAI had released Rs.181.21 crore towards termination payment, which was utilized toward debt servicing by KMTR.

As a part of the dispute resolution, KMTR has invoked arbitration and it is confident of fair outcome. KMTR filed its statement of claims before Arbitral Tribunal claiming further termination payment Rs. 866.14 crore as the termination has arisen owing to NHAI's Event of Default (This amount is arrived at after adjusting the amount of aforementioned payment received from NHAI). KMTR has also filed further claims of Rs. 981.63 Crore towards damages for the breaches of NHAI as per the Agreement. Pending final outcome of the dispute resolution process and as legally advised, the claims for the Termination Payment are considered fully enforceable.

Notwithstanding the dependence on above material uncertain events, KMTR continues to prepare its financial results on a Going Concern basis. The Company is confident of recovering its entire investment in KMTR of Rs. 544.94 crore as on June 30, 2022, and hence, no provision for impairment against the Investment in KMTR is considered in the financial results. The Investments in the KMTR are classified as Non Current Assets held for sale as per Ind AS 105, "Non Current Assets held for Sale and Discontinued Operations".

6. The listed non-convertible debentures of Rs. 1,064.29 crore as on June 30, 2022 are secured by way of first pari-passu charge on certain fixed assets and investments. There are certain shortfalls in the security cover.
7. The Company has net receivables aggregating to Rs. 1,774.66 crore from Reliance Power Group as on June 30, 2022. Management has recently performed an impairment assessment of these receivables by considering inter-alia the valuations of the underlying subsidiaries of Reliance Power which are based on their value in use (considering discounted cash flows) and valuations of other assets of Reliance Power/its subsidiaries based on their fair values, which have been determined by external valuation experts. The determination of the value in use/fair value involves significant Management judgement and estimates on the various assumptions including relating to growth rates, discount rates, terminal value, time that may be required to identify buyers, negotiation discounts etc. Accordingly, based on the assessment, impairment of said receivables are not considered necessary by the Management.

8. The Reliance Group of companies of which the Company is a part, supported an independent Company in which the Company holds less than 2% of equity shares ("EPC Company") to inter alia undertake contracts and assignments for the large number of varied projects in the fields of Power (Thermal, Hydro and Nuclear), Roads, Telecom, Metro Rail, etc. which were proposed and/or under development by the Reliance Group. To this end along with other companies of the Reliance Group, the Company funded EPC Company by way of project advances, subscription of its debentures and inter corporate deposits given. The total exposure of the Company as on June 30, 2022 is Rs 6,526.82 crore (net of provision of Rs. 3,972.17 crore). The Company has also provided corporate guarantees aggregating of Rs. 1,775 crore. The activities of EPC Company have been impacted by the reduced project activities of the companies of the Reliance Group. While the Company is evaluating the nature of relationship; if any, with the independent EPC Company, based on the analysis carried out in earlier years, the EPC Company has not been treated as related party.

Given the huge opportunity in the EPC field particularly considering the Government of India's thrust on infrastructure sector coupled with increasing project and EPC activities of the Reliance Group, the EPC Company with its experience will be able to achieve substantial project activities in excess of its current levels, thus enabling the EPC Company to meet its obligations. Based on the available facts, the provision made is adequate to deal with any contingency relating to recovery from the EPC Company. The Company has further provided corporate guarantees of Rs.4,895.87 crore on behalf of certain companies towards their borrowings. As per the reasonable estimate of the Management of the Company, it does not expect any obligation against the above guarantee amount.
